

Fatma Nur Gülen

Front-end Developer

Hello, I am Fatma Nur. As a passionate frontend developer, I am focused on developing my skills to create user-friendly and visually engaging interfaces. I am committed to continuously learning and staying updated with the latest technologies. My enthusiasm for front-end development drives me to improve and adapt in this fast-evolving field. I thrive in collaborative environments where I can contribute and learn from others.

German (A2)

Turkish Sign Language

Experience

Information Technology Intern 08.2022 - 09.2022

Bağcılar Municipality

- Collaborated with teams to troubleshoot technical issues, enhancing my problem-solving and analytical abilities.
- Acquired general knowledge of various technologies and software processes, which I aim to apply in frontend development projects.
- Developed strong communication and teamwork skills, which are valuable in development and project collaboration.
- Gained technical skills in managing network infrastructure and hardware setup.

Project

Logistics E-Commerce and Ad Platform

- Developed a scalable logistics and ad platform where users can explore services, post ads, and chat with other users.
- Utilized React.js for dynamic UI components and Node.js for backend services, ensuring smooth communication between frontend and backend.
- Implemented MySQL for efficient data management, including user profiles and product catalogs.

Certificates

- Web Programming with REACT // BTK Akademi
- Web Programming with Node.js // BTK Akademi
- Basic Database Design with SQL Server // İSMEK
- Introduction to Python Programming // İSMEK
- InDesign // İSMEK

Volunteer Work

Bağcılar Youth Assembly / Çorbada Tuzun Olsun Association

- Actively participated in organizing events and initiatives focused on youth development and empowerment.
- Collaborated with local communities and authorities to address social issues and support youth empowerment programs.
- Developed leadership and teamwork skills through various community outreach projects, which enhanced my ability to work in collaborative environments.
