

Fatma Nur Gülen

Front-end Developer

Hello, I am Fatma Nur. As a passionate frontend developer, I am focused on developing my skills to create user-friendly, visually engaging, and fully responsive interfaces. I am committed to continuously learning and staying updated with the latest technologies. My enthusiasm for front-end development drives me to improve and adapt in this fast-evolving field. I thrive in collaborative environments where I can contribute and learn from others, always aiming to deliver optimal user experiences across various devices.

- Photoshop

Language

English (B1) Dutch (A1)
German (A2) Turkish Sign Language

Experience

Information Technology Intern

Bağcılar Municipality

- Collaborated with teams to troubleshoot technical issues, enhancing my problem-solving and analytical abilities.
- Acquired general knowledge of various technologies and software processes, which I aim to apply in frontend development projects.
- Developed strong communication and teamwork skills, which are valuable in development and project collaboration.
- Gained technical skills in managing network infrastructure and hardware setup.

Project

Logistics and Advertisement Platform

- Frontend:** Developed a modern, user-friendly interface using React.js, MUI (Material UI), Styled-Components, and React Router. Customized icons and styles with MUI, and created interactive designs using Framer Motion animations. Managed API integrations with Axios.
- Backend:** Powered by Node.js, Express.js, Sequelize, and MySQL. Implemented secure authentication with JWT and handled API security with CORS.
- Features:** Users can post, edit, delete ads, manage favorite listings, and communicate with other users. The platform is responsive and compatible with all devices.

Personal Website: www.fatmanurgulen.com

- A modern and responsive portfolio website developed using React.js and Material UI.
- Features a dynamic intro component, project cards enhanced with animations, and Framer Motion for better user interaction.
- Allows navigation between projects using arrow keys, with EmailJS integration for form submissions.
- Hosted on Vercel and regularly updated.

Volunteer Work

Bağcılar Youth Assembly / Çorbada Tuzun Olsun Association

- Actively participated in organizing events and initiatives focused on youth development and empowerment.
- Collaborated with local communities and authorities to address social issues and support youth empowerment programs.
- Developed leadership and teamwork skills through various community outreach projects, which enhanced my ability to work in collaborative environments.

Certificates

- JavaScript // BTK Akademi
- Web Programming with REACT // BTK Akademi
- Web Programming with Node.js // BTK Akademi
- Basic Database Design with SQL Server // İSMEK
